General Health & Safety

Seatbelts

Seatbelts need to be worn every time you are in a vehicle. Reasons such as being uncomfortable or “not cool” are not good enough for not wearing a seat belt. As the driver, you are responsible for everyone in your vehicle. Require anyone riding in your vehicle to wear their seatbelt. Educate others who choose not to wear them.

Discussion point:

- What are some of the other reasons people give for not wearing their seatbelt?
- Do you know someone who has been severely injured or died from result of not wearing their seatbelt?
